SACRAMENTO – On May 18, 2016 the Seismic Safety Commission will participate at Disaster Readiness Workshop hosted by the California Governor’s Office of Business and Economic Development. The goal of this workshop will focus on small businesses disaster preparedness before a disaster occurs. Attendees will hear from disaster and business experts as well as successful disaster survivors. Attendees will learn how navigate disaster situations and minimize financial losses; learn how to prepare for a disaster before it happens; identify critical business data and information that will be needed after a disaster occurs; and connect with business and finance resources to get a business back on track after the disaster. This valuable workshop will assist attendees with tips on what to do during and after a disaster.
